OPPOSITES ATTRACT.

Mix. Spin. Succeed.

In the lab, great results often come from the perfect balance of opposites.

A **Vortex-Genie® 2** vigorously mixes samples to create a homogeneous solution, while a **Frontier™ Micro Centrifuge** separates components with precision. Different functions. One seamless workflow.

Whether you're preparing a PCR master mix, extracting RNA, purifying proteins, or passaging cell cultures, vortexing and centrifugation are often performed side-by-side to help ensure reliable, reproducible results.

Claim your free Vortex Genie 2 by submitting an online redemption form at <https://us.ohaus.com/en-us/marketing/Free-Vortex-Genie-2-080326>.

* **Terms and Conditions:** Offer valid through an authorized OHAUS Dealers in the United States only. Promotion is for end users and applies to qualifying **Frontier™ Micro Centrifuge (FC5513, FC5513R, FC5515, FC5515R)** purchased between **August 3, 2026**, and **December 31, 2026**. This offer is not retroactive and cannot be combined with any other discounts, special pricing, or OHAUS promotions. Offer is subject to product availability; no backorders or rainchecks for promotional items. OHAUS Corporation reserves the right to modify or terminate this promotion at any time without prior notice. Void where prohibited, taxed, or restricted by law.
