

Purchase 3 cases of Corning® PETG Erlenmeyer flasks and receive any 1 case of equal or lesser value free.

CORNING

Corning PETG Erlenmeyer flasks are sterile, single-use, and ideal for all shaker culture applications. The flasks are constructed of USP Class VI PETG for excellent optical clarity and mechanical strength. Molded graduations are standard, and threaded vent caps provide continuous gas exchange along with a liquid-tight seal.

Purchase any 3 cases of the products listed below, and receive 1 case free (equal or lesser value of purchased products).
